## **NASSAU COUNTY, FLORIDA INITIATES E-RECORDING WITH SIMPLIFILE**

**NASSAU COUNTY, FLORIDA – April 27, 2009** – Simplifile announced that on March 2, 2009, Nassau County, Florida officially began electronically recording (e-recording) land record documents such as deeds and mortgages submitted by title companies, abstractors, banks, and attorneys through the Simplifile e-recording service.

E-recording is the process of submitting, receiving, and processing documents for recording via the Internet that have traditionally been sent to the County for recording by runner, express mail, or courier service. E-recording simplifies and accelerates all aspects of the recording process and dramatically improves the County's ability to serve its constituents.

The Nassau County Clerk of Courts Office is hosting an e-recording kick-off meeting to introduce the public to e-recording on Wednesday, May 13, 2009 at 10:00 a.m. at the Nassau County Judicial Annex at 76347 Veteran's Way, in Yulee, Florida. Phil Karr, Simplifile Sales Account Executive, will be in attendance to demonstrate the system and to conduct a question and answer session. To RSVP for the kick-off meeting, please contact Phil Karr by email at [pkarr@simplifile.com](mailto:pkarr@simplifile.com) or at (407) 952-1016 to let him know how many from your office will be in attendance.

"The Nassau County Clerk of Courts Office is excited to work with Simplifile to provide e-recording for land record documents," said Nassau County Clerk of Courts, John A. Crawford. "We are constantly improving the quality of our services and believe that e-recording enables us to more efficiently record documents. Not only will it save time for our customers, it helps to eliminate document-filing errors. Additionally, e-recording customers working with Simplifile can record and track the status of documents from the convenience of their offices, using a web browser."

"Simplifile is excited to partner with the Nassau County Clerk of Courts Office to provide e-recording services to their customers. The Nassau County Clerk of Circuit Court, John A. Crawford, and his staff demonstrate leadership by making the land record submission and recording process easier, more secure, and cost-effective through the use of technology," said Paul Clifford, President of Simplifile. "Organizations doing business with the Nassau County Clerk of Courts Office will enjoy time savings, cost savings, and productivity gains by e-recording with Simplifile"

### **About Simplifile**

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and County and State government jurisdictions. Simplifile e-recording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while dramatically improving client service levels.

Simplifile is focused on building the industry's de facto e-recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording for organizations of all shapes and sizes.
